

## Loudspeakers Series

### TL315 - Speaker - 400w, 15 inch / 1inch / twtr

Live sound, higher SPL and maximum projection is what these cabinets do best. Custom heavy-duty woofers, zoned conical wave-guide horns with 1" titanium drivers and tweeters really deliver for those in need of some extreme sound. The **TL315** is an 8 Ohm loudspeaker that also features a 15 inch woofer, one inch high frequency driver and a piezo tweeter. These cabinets will help you sound your best at a very reasonable price.

#### Features
